

# Mohamed Shaheer

## Software Engineer

### Summary

---

Experienced Full Stack Developer with expertise in ReactJS, React Native, MongoDB, and serverless technologies like MongoDB Realm. Proficient in developing responsive web and mobile applications and integrating complex APIs. Skilled in Agile methodologies, project management tools, and effective collaboration with cross functional teams. Seeking a challenging role that leverages my technical prowess and passion for delivering high-quality, user-friendly applications

### Experience

---

**Full Stack Developer** | Jan 2023 – Apr 2024  
**CodeRythm Technology Pvt Ltd** | Calicut, IN

- Developed and maintained responsive web and mobile applications using ReactJS, React Native, JavaScript, HTML, CSS, SCSS, Bootstrap, Material UI, Tailwind CSS and Ant Design.
- Implemented serverless technology using MongoDB Realm, including writing server-side code in MongoDB Realm app services.
- Created and maintained databases for web and mobile applications using MongoDB.
- Worked as a backend developer and created various APIs using MongoDB Realm App Services for a leading media outlet in kerala.
- Collaborated with designers and other developers to create user-friendly and responsive applications.
- Worked independently to solve complex technical problems and contributed to the development of new features and enhancements.
- Created chatbots for an e-commerce website using Engati services, integrating various e-commerce APIs and enabling connectivity with social platforms such as WhatsApp and Instagram.
- Led the end-to-end development lifecycle of a sophisticated e-commerce application, encompassing conceptualization, design, implementation, and deployment phases.
- Integrated Stripe payment gateway into an e-commerce website.
- Utilized MongoDB Realm App Services to build scalable backend solutions, ensuring efficient data management and synchronization

### Skills

---

#### Frontend Technologies:

- HTML5
- CSS
- Bootstrap
- JavaScript
- React JS
- React Native
- Material UI
- Tailwind CSS
- Ant Design

#### Backend Technologies:

- MongoDB Realm (Serverless)
- Node JS
- Express JS

#### Database & Server Tools:

- MongoDB
- AWS - S3
- Google Cloud Platform (GCP)
- Firebase
- Heroku
- Netlify

#### Project Management Tools:

- Jira
- Slack

## Languages

---

- English
- Malayalam

- Designed and developed distinct modules for customer, provider, and admin interfaces, enhancing user experience and operational efficiency
- Demonstrated excellent communication and collaboration skills and Proven ability to work independently and as part of a team.
- Proficient in using Git and other version control systems and Experienced with Agile development methodologies.
- Basic understanding of Node.js and Express.js for server-side development.

### **Software Engineer** | Dec 2021 – Dec 2022 **Tata Consultancy Services** | Kochi, IN

- Migrated a Java project to a cloud-based solution, ensuring seamless transition and efficient operations.
- Implemented role and permission-based front-end pages, enhancing security and access control mechanisms.
- Integrated a cloud-based secret storing mechanism to securely manage and store sensitive data.
- Modernized C-shell scripts by migrating them to Python-based scripts, improving maintainability and extensibility.
- Effectively communicated with stakeholders to gather requirements and ensure successful project delivery.
- Adhered to Agile methodologies throughout the Software Development Life Cycle (SDLC) , promoting collaboration and iterative development.
- Demonstrated hands-on experience with Amazon Web Services (AWS) technologies, including EC2 Elastic Compute Cloud and S3 Simple Storage Service buckets.
- Proficient in using Jira framework for project management, issue tracking, and agile workflow management.
- Collaborated with cross-functional teams, fostering effective communication and problem-solving skills.
- Exhibited strong analytical and problem-solving abilities in complex technical environments.

## Education

---

### **B.Tech Computer Science And Engineering**

APJ Abdul Kalam Technological University  
MGM College of Engineering & Pharmaceutical Sciences  
Aug 2017 — Jul 2021 | Valanchery, IN  
Cumulative GPA: 7.75

### **Higher Secondary Examination**

Navamukunda Higher Secondary School  
*Jun 2015 — Mar 2017* | Thirunavaya, IN  
Percentage: 86%

### **Secondary School Leaving Certificate (SSLC)**

Cherural Higher Secondary School  
*Jun 2014 — Mar 2015* | Cherural, IN  
Percentage: 95%
